

Cancun Calling

WITH WORLD-CLASS DINING AND CUSTOMIZABLE EXPERIENCES, NIZUC RESORT & SPA BECKONS TRAVELERS LOOKING FOR THE ULTIMATE LUXURIOUS WINTER ESCAPE.

BY J.P. ANDERSON

Cancun is its sense of customized luxury, says Martínez. “NIZUC was built to accommodate the desires of every type of guest. Whether active or passive, a day-tripper or a spa maven, parents looking to reconnect with their children or couples seeking a romantic setting, we offer satisfaction to everyone, equally. No two travelers should have the same experience unless they want to, and NIZUC is designed to deliver customized, personalized experiences to each and every guest.”

Clockwise from top: An aerial view of NIZUC; the Cuban-inspired Havana Lounge; tranquil views abound; indulge in an oxygen therapy treatment at the resort's ESPA-branded spa; the 1,765-square-foot penthouse suite boasts a terrace with plunge pool and outdoor shower.

Nestled on Cancun's Punta Nizuc, NIZUC Resort & Spa (nizuc.com) has been a go-to for A-list travelers since opening in 2013. It's no wonder—named “The Most Instagrammable Hotel of the World 2020” by Luxury Travel Advisor because of its chic design and considered the region's premier culinary destination for its six restaurants helmed by chef Sylvain Desbois, it's proved to be a standout among the region's luxe getaways. “NIZUC is a place to enjoy the luxe life without the haute attitude,” says property general manager Alfonso Martínez, echoing the resort's commitment to providing personalized and memorable moments for families, couples, small groups—even canine companions.

Another hallmark of

the resort is its commitment to innovation and holistic well-being at its NIZUC Spa by ESPA, the first ESPA-branded spa in the Mexican Caribbean. The latest buzz? The spa's just-launched oxygen therapy treatment, in which clients inhale enriched oxygen, which helps regenerate the body and increase physical and mental conditions. “With the oxygen therapy treatment, we can meet our clients' wellness goals in a relaxing environment, taking the spa experience to the next level,” notes Martínez. “Our clients can be pampered while also enjoying the therapy's numerous benefits.”

From innovative spa treatments to nonmotorized water sports, tennis, fitness lessons, live music and classes ranging from sushi-making to cigar rolling, what makes NIZUC stand out from other luxury properties in
